Colonel Stanley Grogan

STAT

Dear Colonel Grogan:

Since I had not heard from you re the Oakes matter, I thought you might be interested in another source.

Here is a letter from Geoffrey Bocca, who wrote the recent authoritative book on the so-called "mystery." I had sent Mr. Bocca a copy of the memorandum that Hill related to my Assistant Managing Editor.

This is not to prod you into a response -- but if it sparks one, I'd certainly appreciate hearing your reaction.

Best regards,

Douglas S. Kennedy
